Supplement No. _____

Meeting Date May 8, 2012**Subject:****Department:** Curriculum/Professional Learning**New High School Course****Action Requested:**

The Board of Education is asked to approve the following new high school course.

Discussion:

The following course has undergone review and approval by the appropriate steering committee, the Curriculum Standards Committee, and has the support of principals.

Laguna Creek High School, International Baccalaureate Programme

IB Japanese B SL1 and SL2. (Grades 11-12, 10 Credits for each SL1 and SL2)

IB Japanese B is designed to provide students with the necessary language skills and intercultural understanding to communicate successfully in an environment where Japanese is spoken. These language skills of speaking, listening, writing, reading, and cultural knowledge are developed through the study and use of a range of written, auditory, audio-visual, and spoken materials related to Japanese culture. By discovering and exploring Japanese and their own culture, students are encouraged to expand an awareness of the world and develop respect for cultural diversity. IB Japanese B SL students are also required to recognize and use 400 Kanji characters specified in the Japanese B List of Kanji Characters.

Pre-Requisites: Completion of Japanese 1 and Japanese 2 with a grade of C or better or by teacher recommendation.

Financial Summary:

If approved, this course will be offered using existing FTE.

RESOLUTION AND DECISION NOT TO REEMPLOY CERTIFICATED EMPLOYEES

Action Requested:

Adopt the Resolution _____, 2011-12 authorizing the Governing Board to not reemploy certificated employees.

Discussion:

The Board of Trustees of the Elk Grove Unified School District adopted Resolution No. 36 on February 21, 2012, authorizing and directing the Superintendent or designee, to initiate and pursue procedures necessary to provide notice to the affected employees of the Board's decision to eliminate 146 FTE positions in the District pursuant to Education Code sections 44949 and 44955 based on a reduction and discontinuance of particular kinds of services.

On April 16, 2012, a Layoff Agreement was reached between the Elk Grove Unified School District and specified represented Certificated Respondents which resolved all layoff issues prior to a hearing. The names of unrepresented certificated Respondents who were in default in this matter and the Layoff Agreement were noted into the record by the Administrative Law Judge assigned to the Matter of Reduction in Force of Certain Certificated Employees of the Elk Grove Unified School District, Case Number 2012020572. As a result, a Notice of Final Layoff will be issued to the Certificated Employees (listed on Attachments B, C, and D), and these Certificated Employees will be issued Notices of Final Layoff before May 15, 2012. Board approval of this action is requested.

Note: Resolution will be forwarded prior to the Board Meeting

Meeting Date May 8, 2012**Board Agenda Item****Subject:**Division: **Facilities and Planning**

**Relocatable Classroom Additions at Samuel Kennedy Elementary School
Award of Contract for demolition, utility connections and pad preparations**

Action Requested:

The Board of Education is asked to (1) review the tabulation of bids (2) award a contract to the lowest responsible and responsive bidder, (3) authorize the Administration to sign all documents and contracts pertaining to this work, and (4) authorize the Administration to proceed with the next bidder should a fully endorsed contract with the low bidder not be possible.

Discussion:

On May 3, 2004, the Board of Education authorized Rainforth-Grau, Architects to reuse the plans for a prototype classroom building at various sites, which included the Samuel Kennedy Elementary School. On December 4, 2007, the Board of Education approved the preliminary schematic plans, and authorized the Administration to proceed with preliminary design development and construction documents for the Samuel Kennedy Elementary School project.

Rainforth-Grau, Architects finalized the plans and specifications for the Samuel Kennedy Elementary School Additions project, which consisted of the construction of a wood-framed classroom building, pad preparation for four (4) relocatable portable classrooms, and general site work including installation of new underground utilities, paving new hard courts, and new playfields and on June 9, 2009 the Board of Education awarded the construction bid. However, the pad preparation, installation, and purchase of the four (4) relocatable portable classrooms were postponed due to the complexities and timing of the project. The project as submitted to the Office of Public School Construction and ultimately approved by the State Allocation Board included the pending four (4) portable relocatable classrooms and as a result they must be completed to retain State funding this year. Current enrollment projections continue to support the need for these classrooms and deadlines for the utilization of state funds are imminent.

On April 10, 2012, the Board of Education authorized the Administration to receive bids for demolition, utility connections, and pad preparations.

The Administration received and opened seven (7) bids on May 1, 2012, at 2:00 p.m. **See attachment for the tabulation of bids.** Vinciguerra Construction submitted the lowest base bid.

The Administration recommends the award of contract to Vinciguerra Construction for the base bid of \$187,250.00.

Financial Summary:

Funded with State School Building Funds, Measure A proceeds, and/or Developer Fees.
